INDEX OF SUBJECTS

Agricultural research, use of a small computer in (Pearce), 257

Agricultural research for development: the Namulonge contribution, ed. by M. H. Arnold, reviewed, by S. J. Carr, 411

Arachis hypogea, *see* Groundnuts

Biological studies, some useful equations for (Landsberg), 273

Brassica juncea, *see* Indian mustard

Cajanus cajan, *see* Pigeon pea

Cassava (*Manihot esculenta*), effects of spacing on (Cock, Wholey and De Las Casas), 289

Cassava (*Manihot esculenta*), storage of fresh. II. Simple storage techniques (Booth), 119

Coconut, sulphur nutrition of (De Silva, Anthonypillai and Mathes), 265

Computer (small), use of in agricultural research (Pearce), 257

Cotton, *see* 'Farmers' practices . . .' (Farrington), 9

Cotton, in Macedonia, foliar diagnosis on (Argyriadis and Polyzopoulos), 395

Cotton yields in the Sudan Gezira, short-term prediction of (Bartsch), 25

Cowpea (*Vigna unguiculata*), nitrogen nutrition of. I (Summerfield *et al.*), II (Dart *et al.*), III (Eaglesham *et al.*), 129, 241, 369

Cowpea, *see* 'Sole crop . . .' (Hays and Raheja), 149

Crop yields, effects of dated soil moisture stress on (Nairizi and Rydzewski), 51

Dry beans (*Phaseolus vulgaris*), high-yielding, in Mexico, effects of plant density and thinning on (Aguilar M., Fischer and Kohashi S.), 325

Energy and food production, by Gerald Leach, reviewed by K. L. Blaxter, 201

Evolution of crop plants, ed. by N. W. Simmonds, reviewed by J. Smartt, 201

Farmers' practices and research-based recommendations: lessons from cotton-spraying in Malawi (Farrington), 9

Fertilizer P, uptake by wheat, effects of method and time of application on (Hamid and Sarwar), 337

Fertilizers, boron and nitrogen, effects of on radish (*Raphanus sativus*) (Maurya, Rai and Lal), 301

Food from waste, ed. by C. G. Birch, K. J. Parker and J. T. Worgan, reviewed by Harold Fore, 202

Forage oats in a semi-arid region, effects of genotype and rainfall on (Hadjichristodoulou), 217

Genetic variation in pigeon pea (*Cajanus cajan*), diallel analysis of (Dahiya and Brar), 193

Glycine max, *see* Soyabean

Grain legumes, *see* 'Growing . . .' (Summerfield, Huxley and Minchin), 81

Grain yield in groundnuts (*Arachis hypogea*), physiology of (Enyi), 101

Grain yield and other quantitative traits in maize, inheritance of (Dhillon and Singh), 253

Groundnuts, effects of methods of planting in the Sudan Gezira (Nur and Gasim), 389

Groundnuts, *see* 'Grain yield in . . .' (Enyi), 101

Growing grain legumes under simulated tropical conditions in controlled environments, plant husbandry and management techniques for (Summerfield, Huxley and Minchin), 81

Indian mustard (*Brassica juncea*), combining ability and rank correlations in a diallel cross of (Asthana and Pandey), 71

Intraseasonal yield fluctuations of tea in Malawi, simulation of (Fordham and Palmer-Jones), 33

Latin square design, relative efficiency of (Abou-el-Fittouh), 143

Leaf protein in bulk, a simple unit for extracting (Pirie), 113

Linseed oil cultivars (*Linum usitatissimum*) in Northern Nigeria, Agronomy of (Yayock and Quinn), 93

Linum usitatissimum, *see* Linseed oil

Macedonia, foliar diagnosis on cotton in (Argyriadis and Polyzopoulos), 395

Maize, high-production, in Northern Nigeria, factors in a package of practices for (Taylor), 209

Maize, *see* 'Grain yield . . .' (Dhillon and Singh), 253

Maize–bean mixtures, *see* 'Mixed cropping . . .' (Fisher), 185
Manihot esculenta, see Cassava
Mathematical models in plant physiology, by J. H. M. Thornley, reviewed by R. C. Hardwick, 112
Methods in agricultural meteorology, by L. P. Smith, reviewed by J. J. Landsberg, 410
Microbial and plant protoplasts (Proc. 4th Int. Symposium on Yeast . . .), ed. by J. F. Peberdy, A. H. Rose, H. J. Rogers and E. C. Cocking, reviewed by D. Roy Davies, 409
Mixed cropping, studies in. I. Seasonal differences in relative productivity of crop mixtures and pure stands in the Kenya Highlands. II. Population pressures in maize–bean mixtures (Fisher), 177, 185
Monocrotophos, effects of on insect damage and yield of cowpea (*Vigna unguiculata*) in Southern Nigeria (Dina), 155

Nitrogen, *see* 'Yields of cotton . . .' (Smithson and Heathcote), 1; 'Yield and milling quality . . .' (Fagade and Ojo), 17
Nitrogen metabolism in plants, by Leonard Beevers, reviewed by P. J. Lea, 206

Oil palm research, ed. by R. V. Corley, J. J. Hardon and B. J. Wood, reviewed by C. W. S. Hartley, 409

Pigeon pea (*Cajanus cajan*), diallel analysis of genetic variation in (Dahiya and Brar), 193
Pigeon pea, *see* 'Genetic variation . . .' (Dahiya and Brar), 193
Plant (population) density, *see* 'Yield and milling quality . . .' (Fagade and Ojo), 17; 'Yields of two soyabean (*Glycine max*) varieties . . .' (Osafo), 235
The propagation of tropical fruit trees, by R. J. Garner, S. A. Chaudhri and others, reviewed by C. C. Webster, 202

Radish (*Raphanus sativus*), effects of boron and nitrogen fertilizers on (Maurya, Rai and Lal), 301
Raphanus sativus, see Radish
Rice, *see* 'Yield and milling quality . . .' (Fagade and Ojo), 17
Rice, transplanting in saline-sodic soils of NW India, effect of seedling age at (Shahi *et al.*), 169
Rice cropping systems, intensive, on the Central Plain of Thailand, long-term productivity of (Walcott, Chauviroj, Chinchest, Chotichcuy, Ferraris and Norman), 305

Seventy generations of selection for oil and protein in maize, ed. by J. W. Dudley, reviewed by E. S. Bunting, 410
Soil management in tropical Africa, ed. by H. E. Bornemisza and A. Aluarado, reviewed by E. W. Russell, 204
Sole crop cowpea production in Nigeria at the farmer's level using improved practices, economics of (Hays and Raheja), 149
Soyabean (*Glycine max*), yields of two varieties in Ghana forest zone, effects of population density on (Osafo), 235
Studies in biological control, ed. by V. L. Delucchi, reviewed by M. E. Solomon, 205
Sugarcane, effects of flowering on yield and quality of (Rao), 381
Sugarcane, growth and sugar accumulation. II. Dryweight increments and estimates of assimilation rate. III. Development of commercial clones and their progenies in single row plots (MacColl), 61, 161
Symbiotic nitrogen fixation in plants, ed. by P. S. Nutman, reviewed by R. J. Rennie, 111

Tea, *see* 'Intraseasonal yield fluctuations . . .' (Fordham and Palmer-Jones), 33
Tea bushes, seedling, and their clones: responses to water stress (Carr), 317
Tea yields in Malawi, control of the distribution of (Palmer-Jones), 225
Tropical pasture research: principles and methods, ed. by N. H. Shaw and W. W. Bryan, 206
Tropical pulses, by J. Smartt, reviewed by C. C. Webster, 203

Vegetable seeds, single plant thresher for (Smith and Lickorish), 287
Vigna unguiculata, see Cowpea

Wheat in Northern Sudan, sowing dates of (Gabar), 401
Wheat, water status and stomatal condition in, pressure chamber and air flow porometer for rapid field identification of (Fischer, Sanchez and Syme), 341
Wheat, *see* 'Fertilizer P . . .' (Hamid and Sarwar), 337
Wheats, dwarf, in the Yaqui Valley of Mexico, irrigation of (Fischer, Lindt and Glave), 353

Yaqui Valley of Mexico, irrigation of dwarf wheats in the (Fischer, Lindt and Glave), 353
Yield and milling quality of lowland rice in Nigeria, influence of plant density and nitrogen on (Fagade and Ojo), 17

Yields of cotton in northern Nigeria, effects of rate and time of nitrogen application on (Smithson and Heathcote), 1
Yield of tea in Malawi, effects of plucking policies on (Palmer-Jones), 43
Yields of two soyabean (*Glycine max*) varieties in Ghana forest zone, effects of population density on (Osafo), 235

INDEX OF AUTHORS

ABOU-EL-FITTOUH, H. A. Relative efficiency of the Latin square design, 143

AGUILAR M., I., FISCHER, R. A. and KOHASHI S., J. Effects of plant density and thinning on high-yielding dry beans (*Phaseolus vulgaris*) in Mexico, 325

ANTHONYPILLAI, G. M., *see* DE SILVA, M. A. T.

ARGYRIADIS, G. A. and POLYZOPOULOS, N. A. Foliar diagnosis on cotton in Macedonia, 395

ASTHANA, A. N. and PANDEY, V. K. Combining ability and rank correlations in a diallel cross of Indian mustard (*Brassica juncea*), 71

BARTSCH, R. Short-term prediction of cotton yields in the Sudan Gezira, 25

BLAXTER, K. L. Review of *Energy and food production*, by Gerald Leach, 201

BOOTH, ROBERT H. Storage of fresh cassava (*Manihot esculenta*). II. Simple storage techniques, 119

BRAR, J. S., *see* DAHIYA, B. S.

BUNTING, E. S. Review of *Seventy generations of selection for oil and protein in maize*, ed. by J. W. Dudley, 410

CARR, M. K. V. Responses of seedling tea bushes and their clones to water stress, 317

CARR, S. J. Review of *Agricultural research for development: the Namulonge contribution*, ed. by M. H. Arnold, 411

CHAUVIROJ, M., *see* WALCOTT, J. J.

CHINCHEST, A., *see* WALCOTT, J. J.

CHOTICHEUY, P., *see* WALCOTT, J. J.
